Union County Rape Crisis Center Presents: Media Literacy & Violence Prevention

Saturday, April 27

1-3 PM

The Union County Rape Crisis Center will give an insightful presentation on media literacy & violence prevention for teens.

Learn how media promotes, reinforces and challenges social norms that affect our behavior, and how to recognize how media representations can contribute to interpersonal violence, such as bullying, stalking, dating violence and even sexual assault.

Sons, daughters and parents are all invited to come for this important discussion.

*Registration is open on NP Community Pass.
