

Become a Confidential Sexual Violence Advocate

Are you a compassionate and caring individual looking to make a difference in the lives of others?

**Join our team of trained
Forensic Nurses, Advocates
and Law Enforcement!**

Our no cost 40-hour training will certify you to advocate for people who have experienced sexual violence. The training infuses principles of anti-oppression and multiculturalism in every step. Advocates will gain a strong understanding of how racism, oppression, and inequality intersect with sexual violence, which will help them best serve every survivor they interact with in their role.

Confidential Sexual Violence Advocate

Advocacy is based on the principle that the individual is the best person to make decisions in their life. Once trained you will be on call to provide crisis intervention, educational information and resources to survivors of sexual violence. All potential advocates encouraged to apply. Bilingual advocates needed.
